Journal

The kiddos are back in the classroom, and this week’s *Journal* gives you the scoop on the first-week enrollment numbers.

Journal writer Tom A. Savage was intrigued by the Brandon Ask & Tell Facebook page, so much so, he’s taking an “outsider’s” look at the role the social media page plays in the community.

The *Journal* continues its series on educating the community on the vast number of new classroom staff that joined the Brandon Valley School District staff this year.

Brandon Lutheran Church reaches a new milestone this month as the congregation prepares to celebrate 150 years of faith and fellowship.

As always, we’ve got the details from all of our Lynx sports, and this week includes football, volleyball, cross country, girls’ tennis, boys’ golf, softball, and boys’ and girls’ soccer. If that’s not enough sports for you, there’s a special report on a trio of former Lady Lynx soccer players who are continuing to play the game at the collegiate level.

If you’re a subscriber, thanks for reading! If you’re not, what are you waiting for? Give us a call at 582-9999 so you can be in the know of everything that’s “Coming in Tomorrow’s *Brandon Valley Journal*”!

Ask the Motor Medics®

Automotive Advice from The Under the Hood® Show

Dear Motor Medics,

I have a newer Mazda Miata and I’m having a problem with detonation in my engine. During cruising and under acceleration the engine will ping under load and on hills. The car calls for premium gasoline and I use it every tankful but even if I use the highest-octane premium fuel the car still pings. Do you have any ideas on what it could be?

Mark in Sioux Falls South Dakota

Dear Mark, this may not be as bad as you think, You have asked a great question and we want to address the fuel question first as its very important. If a car specifies premium fuel, it is important to use it. Not only does it ensure the best performance from the fuel that the car can deliver, it also allows the car to burn cleaner than using less than premium lower octane fuel. When the lower octane fuel is used it is possible to build up carbon deposits which can cause detonation. You may be using premium, but you could still have some carbon buildup in the engine which is contributing to the detonation. Carbon deposits can often be removed by getting a professional fuel system cleaning done. The kind we use cleans both the injection system and the combustion chambers which is what we suggest. A professional cleaning combined with regular use of premium fuel can make a difference in the amount of detonation you get from your engine. Good luck and enjoy that car.

Take care, The Motor Medics

Dear Motor Medics,

I drive a 2009 Dodge caravan with the sport package. I use it for daily driving and on weekends I tow a boat in the summer and two snowmobiles in the winter. Last month my trailer light wiring harness that plugs in under the vehicle corroded so badly that I removed it from the main harness and carefully closed and protected the bare wires. After the plug removal I removed the tail lamps and carefully connected the trailer harness directly to the tail and brake lamp wires so they would not come off or short. I have hauled the trailer about three times now and on the most recent trip both turn signals failed. I don't see any burnt fuses, but I get to power to the lights.

John in Palm Springs Florida

Dear John,

The caravans now contain a front electronic control module that controls lighting functions including the taillights and trailer lighting. When built, the trailer lights were on a separate circuit than the taillights. The tail lamp circuit is made to only carry the amp load of the two tail lamps and no more. If any extra load is added by way of a trailer the module can overload which can destroy it. The first step is to remove the added wiring and check fuses. If there is still no power you will need to have the module checked and possibly replaced.

Take care, The Motor Medics

August needs at the BAFF

August needs at the Brandon Area Food Pantry are bottled juice, canned fruit, saltine crackers, breakfast bars, instant oatmeal, fruit snacks, beef stew, pancake mix, syrup, Manwich,

Kleenex, body wash, dog and cat food.

Due to recent large-scale donations, the BAFF has no need for canned vegetables (i.e., peas, corn, carrots, all varieties of beans) and soups, both cream and other varieties.

In respect to COVID-19, Pantry clients will receive items that have been pre-bagged by BAFF volunteers. To make appointments for either pickups or donations, call 582-7001. The BAFF is open from 4-6 p.m. Tuesdays and Thursdays.

BAFF executive director Linda Weber asks groups staging a food drive to contact the Pantry prior to dropping off donations.

Used eye glasses and

hearing aids for the Brandon Lions Club may also be dropped off at the BAFF.

VFW Auxiliary bake sale is Sept. 10

Brandon’s VFW Auxiliary is staging their first bake sale of the season from 5-7 p.m. Friday, Sept. 10 at the Post Home. All proceeds from their September and October bake sales will be directed to the Honor Flight program.

Circuit group fitness open house

Circuit will host a group fitness open house at 8 a.m. Saturday, Sept. 11. Saturday classes starting after Labor Day are also free to the public.
